STATEMENT OF SUBSTANCE OF INTERVIEW

Initially, Applicant wishes to thank the Examiner for conducting an interview with Applicant's representative, Elliott Y. Chen along with Elizabeth Zehr, on Monday August 11th, 2008.

During the interview, Applicant's representative presented arguments distinguishing the claims from the cited references. In particular, Applicant's representative discussed claim 1 which was rejected under §103(a) in the pending Office Action. Regarding the §103(a) rejection, Applicant's representative presented arguments that the "localization dictionary", or some similar component, is necessary to perform the functions as recited in claim 1 and thus is not inherent subject matter in the cited reference. Applicant's representative understood the Examiner to tentatively agree that the claims are allowable over at least the art of record.

Applicant thanks the Examiner for considering the above arguments. The subject matter of the interview, and other remarks, are included below under their respective sections to assist the Examiner in more fully understanding the Applicant's position on the rejections under §103(a).
